

REMARKS

Entry of this amendment to correct the identified drawing inconsistency is respectfully requested. The foregoing amendment restores consistency between the Brief Description of the Drawings, the Drawings, and the remainder of the specification (see, e.g., page 5, lines 11-16 reciting "Figure 3" and "Figures 2 and 3", but no other reference to a Figure 3A or 3B.)

In view of the above, it is believed all formal matters have been resolved, and prompt issuance of the Letters Patent for this application is respectfully solicited.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'L. R. Turkevich', with a stylized flourish at the end.
